About Construction Industry Development Council

The Construction Industry Development Council (CIDC), has been set up jointly by the Planning Commission, Government of India and the Indian construction industry. We are an umbrella organization for the construction industry in India and have a national presence with branches across the country. CIDC undertake a wide range of activities to benefit the construction industry. This includes conducting training at various levels, organizing workshops and conferences, publishing journals and newsletters.

About International Council of Consultants

International Council of Consultants (ICC), as the apex representative organization of consultancy services was constituted under the patronage of Former Chief Justice of India Mr. Y.V. Chandrachud and several other senior luminaries from Engineering Profession, Mr. R.S. Pathak and Former Judge of Supreme Court of India Mr. H.R. Khanna. Dr. P. R. Swarup, is presently the President of ICC.

ABOUT THE CONFERENCE

The ICC Conference 2025, in partnership with the Construction Industry Development Council (CIDC) and the Central Road Research Institute (CRRI), aims to delve into emerging technologies that redefine the construction and maintenance of highways, rural roads, and broader infrastructure. Aligning with the Government of India's focus on infrastructure enhancement and sustainable development, this conference will explore innovative solutions to the pressing challenges facing the transportation sector today which shall be in-line with **Vision and Strategy - 2032 of CRRI**.

Innovative Construction Techniques

Focusing on modern methods that reduce environmental impact and enhance efficiency in highway and rural road construction.

Procurement Strategies

Addressing the evolution of procurement practices to enhance transparency, efficiency, and value in public infrastructure projects.

Sustainable Materials

Exploring the use of sustainable and locally sourced materials to bolster the longevity and eco-friendliness of infrastructure projects.

Digital Innovations

Showcasing advancements in digital technologies such as AI, IoT, and GIS that facilitate smarter planning, design, and maintenance of transportation infrastructure.

Quality Assurance and Quality Control

Emphasizing the integration of robust quality control systems, including the Quality Cost-Based Selection (QCBS) and Six Sigma methodologies, to ensure high standards across projects.

Each track is curated not only to inform but also to equip consultants with the knowledge and networks needed to elevate their consultancy practices, ensuring they remain at the forefront of industry developments and innovations. By participating in these discussions, consultants will enhance their ability to offer more strategic, informed, and innovative solutions to their clients, thereby advancing their careers and business opportunities in the competitive global marketplace. Moreover, the application of these advanced technologies and methodologies is designed to deliver tangible benefits not only in urban areas but also in rural settings. For instance, the integration of trenchless technologies can facilitate essential infrastructure developments with minimal disruption to the local environment and community, while the use of AI and IoT in projects can ensure more sustainable and efficient resource management in less accessible areas. Quality assurance and control tracks will ensure that projects, regardless of location, adhere to high standards, ultimately leading to safer, more reliable outcomes for end-users across diverse geographical contexts.

STEERING COMMITTEE

The steering committee for the ICC Conference 2024 will comprise known industry captains and renowned speakers, ensuring a high-caliber lineup of discussions, workshops, and networking opportunities. It will be formed jointly with CIDC-ICC & CSIR-CRRI

WHY SHOULD ATTEND

- Innovative Solutions: Discover new products, technologies, and services that can add value to your projects and business.
- Skill Development: Attend workshops and seminars led by experts to enhance your professional skills and knowledge.
- Knowledge Exchange: Learn about the latest trends, technologies, and practices reshaping the future of construction and sustainability.
- Networking Opportunities: Connect with industry leaders, innovators, and decision-makers.

CONFERENCE HIGHLIGHTS

- Keynote Speeches: Insights from industry professionals, senior scientists from CSIR-CRRI and top officials from CIDC, AMPRI and SERC.
- Panel Discussions: Engage with experts discussing the integration of new technologies in current and future infrastructure projects.
- Exhibition Space: Explore innovations from various CSIR labs and industry partners.
- Interactive Workshops: Hands-on sessions on the latest technologies and their practical applications.

CALL FOR PAPER

We invite submissions on innovative research, case studies, and best practices that align with our conference themes. Details on submission guidelines and deadlines will be provided on our website.

JOIN US

Be part of a dynamic community committed to driving change and innovation in the construction industry. The CIDC-ICC Conference 2024 is where the future of construction and environmental sustainability converges. We look forward to welcoming you in September 2024 for an event that promises to inspire, inform, and transform.

The following sectors will gain the most benefits from joining this conference:

- Highway Construction companies
- Cement manufacturers
- State Govt agencies
- Vendors
- Other CSIR Labs

SPONSORSHIP OPPORTUNITIES

This conference offers a unique opportunity for your organization to highlight its commitment to fostering innovation and sustainability in the construction industry. Various sponsorship packages are available, providing visibility and engagement options tailored to your goals.

SPONSORSHIP FEE

Principal Sponsor	Rs. 10 Lakhs* / US\$ 16,000*
Main Sponsor	Rs. 8 Lakhs* / US\$ 12,000*
Associate Sponsor	Rs. 5 Lakhs* / US\$ 8,000*
Partner	Rs. 3 Lakhs* / US\$ 5,000*
Lanyard Partner	Rs. 3 Lakhs* / US\$ 5,000*

* GST extra as applicable

DELEGATE FEE

ICC/CIDC/ECI Member Delegate	INR 5000*
Non-Member Delegate	INR 6000*
Student Delegate	INR 2500*

Note: Group discount of 10% on nomination of 5 or more delegate.

Registration Process:

Prior registration is must by sending email to icc@iccindia.org

Fee to be paid through DD in favour of International Council of Consultants payable at Faridabad, Haryana. The fee can also be deposited in following Bank account:

Name of the Account holder: International Council of Consultants:

A/C no: 02711930004422,
