

NOTICE No. CIDC/ICC

Date:

## **Enlistment/ Registration of Consultants for Services in the Construction Industry.**

The **International Council of Consultants (ICC)** is a global platform that serves professional consultants within the construction sector. It promotes best practices, offers technical expertise, and fosters networking opportunities. The ICC plays a vital role in advancing the construction industry by connecting consultants, contractors, and other stakeholders on an international scale. In collaboration with the Construction Industry Development Council (CIDC), the ICC is dedicated to driving improvements and upholding quality standards within the industry.

As part of the government's focus on infrastructure development, there is a significant opportunity for consultants in the supply of services to major project owners, contractors, and service providers. To facilitate this, ICC, in collaboration with CIDC, is preparing a National Database of Consultants.

The names and details of all enlisted consultants will be hosted on [www.cidcdatabase.com](http://www.cidcdatabase.com) along with their profiles and free microsites. This list is shared with a wide range of government and private project owners and implementers.

The registrations for the ICC National Database are now open. Competent and experienced Consultants for various services related to construction projects such as river and highway bridges, rail tracks, sports stadia, industrial buildings, residential and commercial complexes, power generation and distribution systems, air conditioning systems, finishing/interior works, piling, etc., across India and other South Asian nations are encouraged to enlist in the database to enhance their visibility among both national and international stakeholders.

The Database, hosted on [www.iccindia.org](http://www.iccindia.org) is accessible to all project owners and stakeholders. Applications for registration are invited from Consultants for enlistment in the database.

Only those individuals /organizations meeting the enlistment criteria will be registered in the database. For a list of required items/services, criteria for registration, application forms, and other details, please visit [www.iccindia.org](http://www.iccindia.org) or [www.cidcdatabase.com](http://www.cidcdatabase.com) or [www.cidc.in](http://www.cidc.in).
